imaging
An Information Service of the imaging center institute

Physician News from Medical Diagnostic Imaging May, 2009

Medical Diagnostic Imaging centers are owned entirely by physicians. We are dedicated to giving patients the utmost care, comfort and convenience while providing their physicians with the best service and quality possible.

We are equipped with state-of-the-art technology for MRI, CT, Ultrasound, Bone Density, Radiography, and Vein Treatment exams. Home of the Milwaukee Vein & Laser Center

Our services include the latest technological advances in Body, Orthopedic, Neurological, Vascular and Arthrographic imaging.

Our three facilities are warm and comfortable. You can relax in front of our fireplace while you drink a complimentary cup of cappuccino. We have spacious waiting rooms, complimentary beverages and snacks, private staging and dressing rooms and a courteous staff who will make you feel right at home.

Same-day or next-day scheduling, evening and weekend hours, easy access from the freeways, free parking and transportation are just some of what we offer to make your experience at one of our MDI locations a positive one.
