

MDI is pleased to announce it will reopen to patients on Monday, May 4, 2020.

We are aware of the concerns surrounding COVID-19, and we are taking all necessary precautions to ensure the health and safety of our community, patients and staff. During this time, we remain committed to providing high quality care, while balancing our role in preventing the spread of disease and illness. In the interest of patient and staff health and to minimize the risk of unnecessary exposure, we are allotting more time per exam to allow for additional cleaning and reduce the contact and interaction between patients.

**WALK IN X-RAY CHANGE:** We are temporarily suspending all walk in X-Ray. Please call if a patient is in need of an X-Ray and we will accommodate with the most immediate time possible. Patients will not be allowed in the clinic without a scheduled appointment.

If you have faxed an order during our closure, please know those patients have been contacted and will be scheduled.

We appreciate partnering with you in the care of your patients and are extremely grateful for your loyalty and trust!

***Our thoughts are with everyone impacted by COVID-19 and we hope you and your family remain healthy during this unsettling time!***

***If you are receiving this email you have referred to MDI and we consider you a referring clinician. If you do not want to receive these emails, please respond with a "remove me" in the subject line.***
